What and Who are Covered and for How Long

CertainTeed LLC ("CertainTeed") warrants to the original property owner/consumer that, when subject to normal and proper use, its Restoration Millwork® Exterior Trim will be free from manufacturing defects during the 25-year period following its date of installation. CertainTeed will authorize replacement product for any Restoration Millwork Exterior Trim CertainTeed determines to be defective under the terms of this limited warranty. Under no circumstances and in no event will CertainTeed be liable for any labor charges or other expenses whatsoever in connection with the removal, repair or installation of either the original or replacement Restoration Millwork Exterior Trim. CertainTeed will not be liable for primer, paint or other coating applied to either the original or replacement Restoration Millwork Exterior Trim.

In the event of replacement under the terms of this warranty, the original warranty will apply to the replacement material and will extend for the balance of the warranty period in effect at the time CertainTeed determines the Restoration Millwork Exterior Trim is defective.

Concerns with the primer, paint or other coating or finish itself should be addressed directly to the manufacturer of that specific product. For more information on paint and painting Restoration Millwork, please visit www.certainteed.com).
- Any other cause not involving manufacturing defects in CertainTeed's Restoration Millwork Exterior Trim.

CertainTeed reserves the right to discontinue or modify any of its products, including the color, without notice to the property owner/consumer. CertainTeed will not be liable if the replacement product varies in color or gloss in comparison to the original product as a result of normal weathering. If CertainTeed replaces any product under this warranty, CertainTeed may substitute products designated by it to be of comparable quality or price range if the product initially installed has been discontinued or modified.

Care and Maintenance

While CertainTeed unpainted cellular PVC resists most common stains, it can become dirty like any other product that is exposed to atmospheric conditions. Normal soil and grime can be removed with a soft bristle brush and bucket of soapy water. For especially stubborn stains, request a cleaner suitable for PVC products from your local building materials dealer. Test any cleaner on an inconspicuous area before full use.
